## VASCULAR INSIGHTS ANNOUNCES NEW VP OF OPERATIONS

Carl Wisnosky to join the Vascular Insights Executive Team.

Madison, CT April 7, 2014– Vascular Insights announced today Carl Wisnosky will join the Executive Team as Vice President of Operations. In his role Carl will be responsible to oversee all manufacturing and quality operations.

Carl's experience in the medical device business spans over 35 years and includes experience in both large organizations as well as start-up companies. He has been involved in a range of medical specialties including orthopedics, urology, general surgery, endoscopy and vascular surgery. His responsibilities have included product development, operations, quality assurance and regulatory affairs.

*We are delighted to have Carl join the executive team. The increased demand for ClariVein® worldwide necessitates a global manufacturing and supply chain footprint. Carl's experience quickly setting up such systems will be critical to meeting our customer's needs through our expanded commercial efforts.*

*– Keith Jansen, CEO*

Vascular Insights LLC engages in the design, development, manufacturing and marketing of medical devices for the minimally invasive treatment of peripheral vascular disease. The ClariVein® Catheter has been used in more than 20,000 patients globally with excellent published results.
